Bulletin Number 18

July 2008

WORLD CHAMPIONSHIPS SWEDEN

By now you will be aware that our next World Championships will be held in Sweden in August. At the moment there over 70 drivers registered so it promises to be an excellent Championship.

I hope you will be at the Championships to support the organizers and competitors alike and I look forward to meeting you there.

As usual this Bulletin will be circulated to as many people as possible but please pass it on to anyone who you think may be interested. If you have any questions relating to the organization of this World Championship please contact the Swedish Hover Club direct.

Tony M Drake JP. President of the World Hovercraft Federation.

World Championships 2008 ~ Details from the Swedish Hover Club:

At this late stage all the latest detail for the World Championships can be found at the official website at www.swedenhover.com

Next WHF Board Meeting:

Our next WHF Board meeting will be held on Monday 25th August 2008 at Flottsbro, Sweden. Formal invitations and agendas will be sent out with this Bulletin. Please note from the agenda that there are several major items for discussion at the meeting. These include:

- WHF Web site and forum:

Although we now have a very vibrant and up to date website which includes a discussion forum it is very disappointing to find that this gets very little use. We will have to decide whether to continue with it.

- Future World Championship Formulae:

In order that our World Championships may continue and prosper it is necessary to review the structure of the formulae that take part. This will be a major discussion point for the meeting, which will be followed up by e-mail discussion and finally an e-mail vote by country delegates.

- Members reports

Each Board meeting in the future will have this item on its agenda. The purpose is to allow us all and the WHF in particular, to see how our sport is developing world wide. Two weeks before the Board meeting PLEASE make sure your Country Representative submits a brief report on your hovercraft activities for the past two years. These will then be circulated to all prior to the meeting.

This is a new initiative ~ please support it so that we can learn what is happening and make use of it to move our sport forward.

For your information our Member Country Delegates are:

Please inform our Secretary if your country has made any changes.
