Bulletin Number 55

JULY 2022

Good News and Update: 2022 World Championships in Sweden

Dear WHF Representative,

I am so pleased to tell you that our World Hovercraft Championships in Sweden have received fantastic support with 54 craft registered to date. Details of the programme and registration in each formula can be found on our Swedish host's website at www.swedenhovercraft.se

There is some more information our Swedish hosts have asked me to pass on to you and this can be found later in this Bulletin so please keep reading!

If you need accommodation on site at Flottsbro this can still be arranged directly with them online at www.flottsbro.com (Usefully this site has an English translation available).

Details of our WHF Board meeting on Thursday 1st

See you or your country's representative there.

In the meantime, if you are a spectator, supporter, or competitor there is still time to register which you can do at www.swedenhovercraft.se

Kind regards,

Tony M. Drake JP. WHF President.

Formulas and heats etc:

Due to low numbers of craft in certain formulas some will be amalgamated and formula points extracted as appropriate. In formulas where there are insufficient numbers of craft to qualify as a World Championship a 'participation' award will be given. (This will not apply to Juniors or Colts where full awards will be presented).

CRAFT RACING NUMBERS:

Will you please ensure that your crafts normal racing number remains on it in a clear and distinct manner. Unless there are duplicate numbers our hosts will NOT be issuing new numbers and will be using your own numbers for lap scoring.

On site issues:

If you have any enquiries concerning arrival or off-loading craft etc., please send these to Magnus at magnus@hovercraft.se

WHF Board Meeting .

The next WHF Board meeting will be held at the 2022 World Championships in Flottsbro, Sweden. It will be held at a meeting room on site on Thursday the 1st of September at 12.00 noon. You are more than welcome to attend this meeting but only a Country's Representative, or their appointed representative is entitled to vote on any motion.

must be submitted, with supporting argument / documentation, well in advance so that it may be considered by all before the meeting. Due to the fact we are all very busy during the summer it will be more than helpful if any proposal could be sent to the WHF Secretary by the 1st of August. This would also be helpful since it is often difficult for Country Representatives to attend the Board meetings so it may be possible to vote on any proposal by email in advance of and simply noted at the meeting.

Any proposal that cannot be resolved at the Board meeting will, following the meeting, be concluded via email with Country Representatives.

Just a reminder, please remember to discuss any proposal with your Club who will ask your Country's Representative to present it, together with any supporting documentation to the WHF Secretary. Regrettably the WHF Board meeting cannot vote on any proposal submitted by an individual.

Circulation .

(As usual this Bulletin will be circulated to as many people as possible but please pass it on to anyone who you think may have missed it or be interested).
